Discover How To Start Getting Payments Of Up To \$8,000 Cash In Your Mailbox In The Next 14 Days

Join Today For ~~\$250~~ \$100 And We'll Take Care Of Everything

- Step 1:** You choose the level you'd like to get started at (as little as \$100) and you send out your cash payment.
- Step 2:** You choose how many letters (like this one) you want the company to mail out to people on your behalf.
- Step 3:** You start getting cash payments in your mailbox from the people who received the letter and enrolled.

Since we mail out all the advertising campaigns for you, as well as take all the phone calls and **close all the sales for you** and your team, it's incredibly easy for you to start making money by simply following the 3 steps above.

Due to the low cost to join and the fact that **we don't require you to pay any advertising fees**, the response rate on this letter is 2-3% on average, which means you can start getting payments on your very first advertising campaign.

If you don't need company financing for advertising:

We suggest you order your first advertising campaign at the same time that you enroll so you can start earning cash within 7-10 days of your advertising campaign being sent out. When prospects start calling in to order, we'll close all your sales for you while you sit back and collect HUGE cash payments from the sales we help you make. Your cash commissions will arrive directly in your mailbox, or any address you choose, 6 days a week.

If you need company financing for advertising: (\$50 Fee)

The company pays \$300 for 200 letters to be mailed out to people for you. When your letters go out and the people start calling in, we'll close all your sales for you and send your cash commissions to you, minus the \$300 we paid to finance your advertising campaign and the \$50 finance fee. With the profits you earn, you can order more letters and this time your address will be on the letters so your cash commissions will arrive directly in your mailbox.

If you pay for your own advertising campaign, your cash commissions come directly to your mailbox. If we pay for your advertising campaign, we collect your cash commissions and send them to you, minus the advertising costs.

**If You Don't Make Money, We Don't Make Money.
That's Our Commitment To You.**

Here are the different membership levels you can join at:

In the chart below, your “personal” sales come from the letters that you send out and your “team” sales come from the letters the people you enrolled have sent out for them. Meaning, when you enroll people and they start paying for their advertising campaigns, you’re going to get cash in the mail every time they do.

That’s where the power of leverage kicks in and you start making serious money!

Back in the first week of March I got in at Level 1. The company mailed 200 letters which resulted in 7 signups at \$40 each, that's \$280! Those 7 signups are now on my team. Some of those who signed up under me did so at higher levels which unfortunately means that I did miss out on some big (thousand dollar) payouts. Here's where it got really fun, so, those 7 brought in a total of 47 folks from whom I get \$20 per piece, that's \$940 from my downline's efforts. This is GENIUS! After seeing those results, I upgraded to level 2 and ordered a 400 piece mailing campaign. By May 9, I'd made \$3,020! My goal is to be at Level 4 by the end of this week!

Mark Connor, Engineer, Wash D.C.

After thinking about this long and hard, I jumped in 12 weeks ago at Level 3 and I ordered 500 letters. This resulted in three level 1 sales, six level 2 sales, two level 3 sales, and one level 4 sale. I'm a bit ticked off that I missed out on \$200 because I wasn't "qualified" at Level 4. Out of the 12 people who signed up and ordered advertising I made an extra \$2,000 from passups, overrides, and even upgrades! Thus far, I've made a little over \$5,500 in a less than 9 weeks! Get in at the highest Level possible so that you don't miss out on commissions!

Frequently Asked Questions

How much can I earn with Mailbox Profits?

Every time we close a sale for you, the new enrollee will send you a commission of \$100, \$200, \$400, \$1,000, \$2,000 or \$4,000 or \$8,000. These cash commissions will come directly to you by FedEx Overnight Mail.

As you can imagine, these HUGE commissions make it incredibly easy to earn a sizable weekly (and monthly) income. As an example, just one \$400 commission each day means \$12,000 per month in profits. However, with our most popular level being Level 5 (\$2,500), we have members who easily rake in \$25,000 to \$50,000 every single month. It's very simple once you follow the step-by-step blueprint our members use.

Is it difficult to start making money with Mailbox Profits?

NOT AT ALL! Here are the 3 simple steps to start making money with Mailbox Profits:

Step 1: Choose the level you'd like, then call us at (888) 382-4016 or email us at support@mailboxprofits.com to receive your personalized enrollment instructions. Once you get them, you'll mail in your order form and payments.

Step 2: Order your first direct mail advertising campaign so your letters can start being sent out. Remember, we also offer direct mail campaigns that are financed by the company to get you off to a fast start, just ask us.

Step 3: When your letters go out and people call in, every time we close a sale for you, the cash commissions of \$100, \$200, \$400, \$1,000, \$2,000, \$4,000 or \$8,000 will come directly to your mailbox.

Bonus: After you receive your first commission, the lifetime residual income feature kicks in automatically, meaning that you'll continue to receive huge recurring commissions with no additional effort on your part. This residual income happens because you will earn every time we send out advertisements for your team member.

Will you help me with all aspects of my new business?

Yes! Remember, our trained staff does all the heavy lifting for you. We close ALL of your sales so that everything is 100% done for you when it comes to advertising and selling! Our proven track record speaks for itself. Our business model and system are creating more success stories than any other business opportunity that exists today. As a new member, our goal is to start closing sales for you every single week based on the amount of direct mail letters you have sent out. In addition, the Mailbox Profits training course will provide you with the very best how-to information in the industry on how to build your business.

What if I can only afford level 1 or 2?

You make the most money being enrolled at the highest level, but we do understand that everyone can't afford to be a VIP member right away. Regardless of what level you start at, you can still earn a sizable income.

However, the higher the level you join at, the more you'll immediately begin earning in upfront cash payments and lifelong residual income. Remember, the amount you earn on each of the sales we close for you depends on what level you're enrolled at.

Whenever your prospects join at a lower level (or at the same level) than you're enrolled at, you will earn the exact commission that the level pays. However, whenever your prospects join at a higher level than you're enrolled at, the extra commissions will go to your sponsor, or the next qualified person in your upline. Another way of saying all this is that you're only eligible to earn up to the level you're enrolled at.

This explains why it's a major advantage when you're enrolled at one of the higher levels. Now of course, not everyone can afford to start out at level 4 or level 5, but that's ok. The most important thing for you is that you get started. Enroll at the level that is most comfortable for you, knowing that you'll still be receiving commissions on every sale we close for you on that level.

How do I order direct mail packages and what do I need to do after that?

If you're completing your enrollment form, simply check one of the boxes on the order form to have letters mailed out for you and include the additional amount inside the envelope you send to the company. If you're already a member, your welcome packet and back office login will provide you with an order form that you can send in to order your direct mail packages.

Once we receive your order, we will schedule your letters to go out in our next mailing, which is normally within 14 days of ordering. We typically send out letters weekly, unless there is a holiday that could affect your results. In that case, we send the letters the next week. Bottom line, after your order is sent in, we take care of everything and get your letters mailed out to the best quality leads on the market so you can start making money 100% hands free.

Is this business legal?

Yes, absolutely. The high-ticket, direct-sales industry has been around for decades. It is part of one of the oldest business models known under commercial law. We are affiliated with the 2 billion dollar annual information licensing industry. Our proven track record speaks for itself. We understand that it's sometimes hard to decide whom to work with and trust and that is why we hold very high standards of ethical behavior and expect the same from our members.

Furthermore, this program is NOT MLM, network marketing or cash gifting. With Mailbox Profits, you are NOT required to have any sales skills, technical knowledge or experience. Our trained professionals do 100% of the hard work, all while the commissions come directly to you.

Do I need a P.O. Box to get started?

No, we do not recommend a P.O. Box. We only recommend that you use your home address or a mailbox that offers a real street address, such as a UPS Store mailbox. Having a UPS Store address allows you to have secure, 24-hour access to your mail and packages. You'll be able to pick up your mail when it's convenient for you, all while your packages stay safe and confidential. You'll also get package notification, which alerts you by text or email whenever mail arrives for you. Most importantly, the UPS Store accepts packages from ALL carriers (including FedEx), which means your cash commissions will always arrive safely and be accepted.

The UPS Store will also hold your mail until you are ready to pick it up. You can always just use your home address if you choose. However, the benefits (especially for those who value their privacy) of having a UPS Store mailbox cannot be overlooked. The UPS Store has locations everywhere, and so they most likely have one in your area. Google the words "UPS Store near (your zip code)" and they will show up. If not, Google "private mailbox rental near (your zip code)" and see what comes up.

Okay, I'm ready to get started! What is my next move?

Getting started is easy. Simply decide on what level you want to begin at. There are 7 Levels to choose from. If joining at Level 1, use the instructions on the enrollment form you received. If joining at Level 2 or higher, call us at (888) 382-4016 or email us at support@mailboxprofits.com

Step-by-step instructions to get you enrolled and start receiving commissions will be provided. You'll also receive your physical welcome kit in the mail. Plus, we will immediately get to work on your direct mail campaign.
